These girls dedicated their spare time to innumerable activities throughout the school year. It all began with two summer car washes, then there was the Frosh Picnic held in the Senior Patio in September. As the school year began rolling along the girls sold spirit ribbons and held a candy sale as fundraisers. They sponsored the annual Leading Lads and Lassies recognition and were successful with the November Canned Food Drive designed to provide food for needy families at Thanksgiving. Because of their diverse contributions to our school and community, these seventeen girls earned the respect of all Highlanders.

Students this year were given an opportunity to explore their interest in the life of the ocean as never before when the Oceanography Club, a club new to Helix, was created. Advised by Mrs L. Hays and Mr. Anderson, the members were able to visit Sea World, Catalina Island, Scripps Aquarium, and go snorkeling at La Jolla Cove. Members included Stephen Sikes, Arthur Bruhmiller, Paul Downs, Steve Kimbrough, Kelley Boutilier, Ann Marie Lazok, Lise Collier, Kathleen Kilpatrick, Shallen Sheridan, Laura Saylor,

Jason Clevenger, Shannon Young, Riley Mullaney, Sarah Harbin, Michelle deVos, Stefanie Downs, Sean Tousrud, Lisa Mintesde Dea, Tonya Kleinick, Joe Spain, Brian Thomkin, Tony Hanley, Beau Cantrell, Hannah Bianchini, Julie Garrett, Stacey Anderson, John Angione, Robert Baker, Sean Costa, Hilary Gaughen, Len Hicks, Linda Hodge, Sean Karimi, Crystal Lee, Courtney Mills, Cuong Nguyen, Thanasi Preovolos, Jessie Smith, Karin Stevenson, Travis Stodelle, and Keith Wazniak

Adding spirit to every football game and pep assembly was the Pep Band, led by Jason Justeson, which also stirred up spirit with its music at home basketball games and lunchtime activities. All members also in Marching Band, this student-run organization included Jeremy Justeson, Jans Baltgalvis, Darrell Arrayan, Ralph

Helix Choral Music was comprised of three performing groups: Treble Clef, Concert Choir and the Ensemble. Each group participated in various festivals and concerts during the year bringing recognition and honor to all Highlanders. From service clubs and convalescent hospitals to festivals, concert stages our groups have excelled and won critical acclaim through their superior performances. Each year audiences are thrilled and entertained by two major events presented by the Choral Department: the Winter Concert and the Spring Pop's Concert. The Pop's involved a complete transformation of the gymnasium where setting, lighting, sound equipment, and technical crews set the stage for a three-night extravaganza filling the gym to capacity. It's a night to remember! The choral groups also plan a major concert tour each year with all the trimmings. We're proud to be a part of Helix. Together we are better than ever.

# Mid-Winter Fantasy

Montezuma Hall at San Diego State University was the setting for the 1986 Winter Formal entitled "Mid Winter Fantasy." Planned by the Class of 1988, it was held from 8:00 to 12:00 on December 12. The Court was chosen a few weeks before the dance, and a short while before the big night, the student body voted for the King and Queen. # Around the World With

Howzit! My name is Mica Bloom and I come from the city of gold, Johannesburg, South Africa. I enjoy watching most sports but my real interests lie in music, drama and literature. The United States and my home have a lot of common ground but there are some fundamental differences. The biggest difference is in school and school life. At home we have to wear school uniforms and are subject to a lot of discipline. I have enjoyed the on campus activities and school spirit, but mostly the relaxed atmosphere. The United States is a very special place and I will always look back on my year at Helix with a big grin, but my place is at home in a changing South Africa.

My name is Seio Nakajima. I am an A.F.S. foreign exchange student from Tokyo, Japan. I like to dance, to do gymnastics, to skateboard and to listen to music. I play the piano and a little bit of cello. The reason I became an exchange student to the U.S. was to learn English and to have the experience of a different culture. I think the U.S. is very interesting and quite unique. I have been enjoying the fine weather in San Diego and my English is getting better and better. I especially enjoy the way classes are taught at Helix. I hope the year I have spent in the U.S. will be one of the most significant ones in my life

Hi! What's up?! My name is Sisko and I come from Finland. If you don't know where it is, it is in northern Europe. I actually come from 20 miles from the Arctic Ocean. I like skiing and jogging, but not studying. The reason I came here was because American English is so fascinating and fast. I hope I'm gonna learn to talk like you guys. I'm enjoying the school because I'm having fun and meeting lots of people. I'm really glad I got to come to San Diego, because of its beaches and it's so warm. WOW! I'm sure when I go back to Finland I'm gonna die if I don't learn to make American pancakes and cookies. Also, you people are super nice. I've been enjoying my year so far! Thanks for all of you

Hi, I am Sebastian Schaefer and I am from Germany, near the Baltic Sea. I like many different kinds of sports, except for soccer. But my two favorite hobbies are windsurfing and playing the violin. One reason I came to America was to find out what the land of Coke and hot dogs is really like. I discovered that Americans do not chew gum and do not watch TV all day long. In fact, I had so many different, more interesting things to do (like partying), that I didn't watch TV very often (but I always had time to watch ALF). I had a wonderful time in the United States, especially here in San Diego. I could handle the weather very well. I'm glad that I went to Helix High and I'm gonna miss all the school spirit and the football and basketball games.

Sebastian gets tough with the Water Dogs

# ... Exchange Students

Hi! My name is Christian Weise and I am a Y.F.U. exchange student in the class of '87. I am from Denmark, the little country in Scandinavia just north of Germany. I am here in the states for a year and like it very much. I enjoy learning about other countries and cultures and wanted to have some fun while I am young so I decided to go to the U.S. for a year and picked California because of the weather and the nice pictures I had seen of palm trees and beaches. I like warm weather and have not been disappointed here! Besides my interest in foreign stuff, my hobby is also basketball. I played on the Helix team and really liked the spirit connected to sports here. The facilities and ability to do sports are so good. Helix is a fun school and San Diego is a great place to spend an exchange year. I have learned so much and am thankful to the people who have made this year worthwhile. It is something that will stick with me the rest of my life. Thanks!

Hi dude! My name is Marie-Ange Sylvie Le Boulaire. I'm from France, the most beautiful country in the world. My hobbies are surfers, surfing and aerobics. I have a few reasons for visiting the U.S.: to learn English, and to have fun — I don't know if my English is good but I have fun anyway. I met great people I love like my host family and all my friends. I enjoyed living in the United States so much that I would like to stay here next year. The U.S. is the most fun country I've ever been in.

Fredrik proves there's plenty to smile about in San Diego.

I'm Fredrik Soderberg and I live outside Gothenburg on the west coast of Sweden. I'm 17 years old, and my interests are: downhill skiing, golf, music, and I also like to travel. Being in the U.S. as an AFS student has given me a whole new perspective of the U.S. There are not very many things in school that are the same here and in Sweden. One thing I liked was all the different clubs at Helix, and I really enjoyed being in a couple of them. I really like America; the people are very friendly and helpful. I think that I will be visiting America, and San Diego, soon again.

My name is Takeshi Matakai. I'm an exchange student from Osaka, Japan. I'm a junior and seventeen years old. I like to play tennis and play the guitar. I came to America because I was interested in America and I wanted to learn English and American customs. America is freer than Japan. In Japan, we have to wear the school uniform and go to school on Saturday. I can go to many places here: Disneyland, Magic Mountain, Sea World, etc. The weather is very warm here. In winter I have a lot of snow in my city, so I missed snow. I think American teachers and Japanese teachers are different because American teachers and their students are very friendly. I was surprised that high school students could drive because in Japan they can not drive until eighteen. I'll never forget my American life.

With their infinite wisdom, my parents named me Ludo. I am from Kerkrade, a town located in the southern part of the Netherlands, close to the German/Belgian border. I would like to clarify a point — that I do not wear wooden shoes, nor do I stick my finger into leaking dykes. I'm interested in rock and roll music. Rock and roll never forgets. Many Americans ask me why I chose to come to the U.S. I came because I want to learn what the U.S. is really like. I am interested not only in the sights but also the culture and the attitude of the American people. Certainly I'm lucky to be able to live in San Diego. The weather here is mild, not like the Netherlands, which gets very cold. I also enjoy being with the people in San Diego. They are generally laid back and easy going. Students here at Helix are very nice, they made life a lot easier for me. I would like to list their names, but the list would be too long. I also want to thank my host family for their support.

Senior Class Advisers and Officers . they were the center of all senior activities. "This year got off to a great start!" exclaimed Loan Nguyen, class president. The year began with the successful Senior Parking Lot Auction, which raised approximately \$2000, followed by a car wash, teddy bear sale, flower sale and eventually,

the Prom held at the U.S. Grant. It ended, of course, with graduation and after-grad trips to Mexico, Hawaii and Europe. Clan Johnston's main goal was to lower the cost for its various activities so that more students could participate. They just wanted to have fun!

# Candidates For Outstanding Athletes

Once again the 1986-87 school year was a banner year for senior athletes. These students are candidates for Outstanding Athletes in their respective sports. They were selected for this distinction by their coaches based on individual

performances which ultimately led to All League and or All City recognition. And, from this group, one male and one female was recognized as Athlete Of The Year. Not pictured is Joey Appolito who was outstanding in baseball.

# Scots Finish Runners-Up

The Highlanders, after losing many players to graduation, came through another season with a 7-3-1 record. The preseason polls had the Scotties as low as fourth in the Grossmont 3A League, but through determination, they set out to prove otherwise. The Scots ended up as league runners-up, and earned a spot in the 1986 playoffs. The season got off to a slow start, however, with a disappointing 1-1-1 record after the first three games. The Scotties opened at home against non-league opponent Patrick Henry. Although the Scots won 13-0, it was not a spectacular victory. Next the Scots travelled to Grossmont, where a 7-7 tie resulted. The next week was a disappointing loss at home to Valhalla 6-7. Things looked grim for the Highlanders. But not being ones to fall down and die, they won their next two games

against Hilltop 40-10 and El Capitan 6-3. Then the Scots travelled to Santana to open league play, and came away with a 28-3 victory. The next week, again at home, the Scots defeated Monte Vista 26-6. This brought them to the crucial game of the year Granite Hills. If they won the game, a playoff berth was in the bag. Homecoming festivities added to the atmosphere, and the Highlanders won it 14-7. A disappointing loss to Mt. Miguel 0-14 cost them the league crown, but hopes were still high for the playoffs. A final non-league game against Castle Park was also won 13-3. The Scots, however, lost in the opening game of the CIF 3A playoffs to the Montgomery Aztecs, thus ending the season of play. The loss was an unfortunate one, but there were many high points during the season. The "Mad Dog" defense

ranked second in the county, and only Mt. Miguel and Montgomery could amass more than one touchdown in a game against the Scots. A young offense developed to show much potential throughout the season. The Highlanders were also well represented on the Coaches' All-League Team. Linebacker John Joralemon and corner Perry Gomez earned First Team honors, and Loren Wallace, Sam Jones, Mike Murphy and Derek Lobbins all made the Second Team. On the offense the Highlanders were represented by receiver Todd Sheehan, running-back Kerry Barr, and lineman Erik Bliss and Chuck Leptich on the First Team. Second Team honors went to quarterback Tim Zeddies. Honorable Mention awards went to Leon Morton, Paul Appenzeller and Sid Baxter.

"Sometimes you can't measure a team by their win-loss record (3-6-1). This was one of those teams! They never gave up and played all out in every game," said coach Dick Langston. Offensively, Spike Mitchell, Robb Ippolito and Jason Quigley led the team. Defensive standouts included Chriamin, Joey Smithey, Bruce Marshall and Marvin McCullough.

## Water Dogs Finish Seventh in County

The 1986 Highlander water polo team, led by coach Mike Smith, finished a winning season with a record of 16 wins and 7 losses. The team started slowly, but then won seven straight. Included in these wins was the winning of the Coronado Invitational Tournament. Due to their impressive season, they earned a high spot in C.I.F. In the first round of C.I.F. against Poway High School, Helix won 18-7. In the second round, Helix was matched up with 2nd ranked University High. Helix came out strong and was leading 4-1 at the end of the first quarter, but by the end of the third quarter, Helix was down 9-6. Helix came out strong by scoring two goals and shutting down University's offense. However, it wasn't enough and Helix lost 9-8. Regardless, Helix was highly respected by

other teams and was regarded as one of the top teams in San Diego County

The aggressive and talented Helix offense was led by Seniors Dan Comer, Mike Buckley, Todd Sleet, Doug Kriedeman, and juniors Cary Coleman and Dan Omaha. Helix's strong defensive standouts were Paul Waymire, Steve Strong, Steve Jentoft, Kraig Katzenmeyer, and goalie Mike Siepert who showed great talent in his first year in the goalie cage. The team's leading scorer, Dan Comer, was honored by being named to the All-League first team and Cary Coleman was named to the league's second team, while Kraig Katzenmeyer and Mike Siepert received honorable mentions. Comer was also named to the All-CIF third team.

## JV Water Polo Finishes 19-2

The success of this year's J.V. Water Polo team dealt chiefly with the coaching of Brad Bidwell. Due to the intensity and hard work during practices, the Water Dogs ended up with a tie for first in the Grossmont League with a record of 19-2. After losing their first game to Valhalla, Coach Bidwell motivated his players into winning their next seven games. During that time, they also won the Mount Miguel Invitation Tournament. They lost their

second game to Valhalla and from then on, they succeeded in winning their remaining games.

Some outstanding offensive players would include: Co-Captain Byron Konold, Garon Robinson, and Dan Nyenhuis. On defense Co-Captain Matt Buckley and Goalie Jason Magee helped the team become the second best defensive team in the league.

The 1986 volleyball team underwent a rebuilding year with new Head Coach Joanne Tarantino and only three returning players. The season began with a talented team but very little experience, and they began to unite and play tough matches against the top teams in the Grossmont League: Grossmont, Valhalla, and Grante Hills. This year's team was led by Jr. hitter Marie Cortez and Soph. setter Joan Moser. With only one senior, Melissa Jones, the Mad Dogs will be returning nine strong players to next year's squad. The team is characterized by hard work, determination and good spirit. Alexis Pniak and Kim Hendee led the team in blocks on defense. Krista Elliott proved to be our most offensive player and our most improved player was Shaleen Sheridan.

## JV Volleyball

The volleyball program at Helix is definitely growing with the help of J.V. coach Claudia Townsend and assistant coach Jeff Merghart. The team raised enough money to buy new equipment from their serv-a-thon and the Open Tournament. The Junior Varsity volleyball team started the season young and inexperienced, with only Tina Best, Heather Wachs and Kolleen Listinger returning from last year. Despite this the team went undefeated up until about midseason when injuries hurt the team. Hampered by injuries, the team had to rise to the challenge of totally regrouping and learning new positions midseason. The team finished tied for third and overall had a very successful season.

Girl's Varsity Tennis ended the season with five wins and 11 losses. Although the team did not have a winning season, the girls showed hard work and outstanding ability everyday. There were quite a few outstanding players this year. Among them are doubles players, Jaime Jeffers and Amy Pilkington. Also singles player Maureen Fronseca who is from Mexico City. Nicole Rechmann, from Germany, also showed great talent. Girl's Varsity Tennis is looking forward to a great and challenging season next year

## JV Tennis

Although this years J.V. Tennis Team did not finish with a winning season, they did their best all season and improved as the year progressed. They ended with a record of 7 wins and 9 losses. The Scots, led by Ross Walker, were not discouraged about losing because they had such a good attitude towards the game. This attitude carried them to an awaited victory over El Cajon Valley during the regular season. Although most of the team consisted of beginning players, the girls succeed in im-

proving their tennis skills

Neda Moshtaghi, a first time player, Tina Runyen, and Erica Castaneday were three of the singles players who showed some outstanding ability. Erin Hoffman and Sharon Glueck were beginning players and they received an award for best doubles. Hopefully next year, we can see some promising athletes, including those new coming members

The Helix Highlanders J.V. cross country team realized a third place finish in the Grossmont league. This represents an improvement from sixth place the previous year. The leaders on the team such as Steve Sikes, Dan Miller, Robert Price to name a few created team unity. Dave Normandin, Quinter Foster, Gordon Robinson were also instrumental in this super team effort. Several J.V. individuals moved up

to the varsity ranks by their latter part of the season by virtue of their superior performance. Despite the loss of these team members the remaining members were able to complete the best league final finish in many years. The coaches are anxiously looking forward to these J.V. runners to move into the Varsity ranks next year.

Youth and inexperience best described this year's men's basketball team. Four players returned from last year and only one of those, Rob Ledford, had much varsity experience. Coach John Singer and assistant coach Frank Theroux were pleased that the team never lost sight of its primary goals — to be competitive and strive to improve every day. "This is the brightest group of kids I've ever had the opportunity to work with," stated Coach Singer. "I only hope their intensity in the classroom is carried onto the court as well." Standouts this year included juniors Tim Zeddies, Rob Ledford, Chris Carlson, James Cleghorn and Mike Seifert. Sophomores Rich Haar and John Pressler gained valuable experience and should contribute heavily next season. Senior Cliff Blevins helped contribute also. The other senior on the club was Chris Wejse, a foreign exchange student from Denmark. Other players hoping to push for playing time next year included juniors Jeff Andrews, Bob Falldorf, Tony Mclean and Andy Bocko. Sophomores Todd McTrusty, who missed much action because of a leg injury, will contribute much next year also. Both players and coaches chalked up the 86-87 season to experience and look forward to a dynamic 87-88 season

Other standouts included sophomores Mario Madle, Andy Meredith and Tony Zed-dies. Freshman Rob Ippolito was responsible for much inspired play also. The success experienced by this year's team should easily contribute to basketball success at Helix in the seasons to come.

# Pride Prevails

This years varsity women's basketball team could be described by just one word — *pride*! The lady Highlanders used pride as an inspiration for a run at the league title as well as a return to the SD-CIF play offs. An impressive season-opening 30-point victory over Chula Vista set the tone for the season. After stumbling early in league play, the lady hoopsters had three wins and two losses with both coming at the hands of Santana and Mt. Miguel. However, the team got itself on track during the winter break while participating in the inagural 1st annual Kiwanis-sponsored women's basketball tournament. The team played one of their more memorable games of the year taking second-ranked Vista to the wire. A win over perennial power San Marcos vaulted them to eight straight league wins. Much of the team's success was credited to all-leaguer Jamie Speidel. The senior guard provided the leadership and intensity coach John Singer insisted his team had to have in order for this years team to be successful. "Speidel is the type of player who makes everyone else around her a better player," was the word from many coaches around the league. "Jaime is so valuable in that she does so many things for the team that never shows up in the scorebook," stated Coach Singer. Donna Allsing, Kristi Patterson, Kim Hendee, Julie O'Neal and Tina Usquiano rounded out the squad and provided the needed team consistency. "Allsing was very consistent, Patterson, although one of the better players in the league, has her best ahead of her. She's only scratched the surface of how good she can really be," said Singer. Graduating players included Speidel, Allsing and Melissa Jones. Hopefully, with the addition of some JV players, the lady Highlanders will enjoy continued success next season.

Returnees Janice Rubiano, Katherine Ferriero and Susan Schroeder provided much leadership for the young team. Lori Englehorn, Andrea McTrusty and Denay Oberrutter showed much improvement as the season progressed. Hopefully this nucleus of young "lady hoopsters" will continue to make girls basketball at Helix a winning tradition.

## New Coaches Lead Scots

After a disappointing '85-'86 season, the '86-'87 Helix Boy's Soccer Team picked up the pace under the new headmanship of first year coach Renato Capoblanco, assisted by Gary Wilcox. The Scotties overall spirit, skill, and team unity kept them in league contention with a possible C.I.F. berth awaiting them. The turning point of the season was versus Grossmont, last year's league champions. Down 3-0 at the halftime, the Scotties rallied under the call of their leaders, coming back to tie the game 3-3, bumping Grossmont out of first and proving the Highlanders as strong league contenders. Leading the Scotties were their three captains: Senior center midfielder Yoshio Hall, goalie Marc Duggan and Junior forward and top scorer Craig Gaingregorio. ## Lady Scots

This year's girls soccer team's goal was to improve their skills and teamwork. After last year's 2nd place league finish, the team had their work cut out for them. They set their sights for another year of CIF playoffs. It looked as though there was a lot of interest with about twenty girls out to make the team. With ten returnees from last year, Coach John Moe's team

ended with fifteen members. Their strengths were teamwork and the ability to work together. The team's record at mid-season was 1-6-1, with high hopes of a promising 2nd half. The team was comprised mostly of juniors, so their hopes for an even better season next year were greatly enhanced.

The 1987 Boys Varsity Swim team continued its winning tradition by clinching the league championship for the second year in a row. The team had not lost a meet since May of 1985. Led by Coach Mike Smith the team improved with every meet, showing the other teams in the league that they were definitely number one. This year's team had tremendous depth and was led by returning swimmer Kraig Katzenmeyer. Other contributing team members included Mike Buckley, Dale Webster, Dan Comer, Matt Buckley and Canadian Torben Bruek. The Scotties' biggest meet this year was against rival, the Valhalla Norsemen. The meet was close, but by the end, the Scotties had finished on top by a score of 94-77. The Scotties should prove to be strong contenders next year.

# Juniors Catch the Wave

This year, the class of '88 was extremely successful headed by the four officers and an active Junior Board. This class strove to make the money needed for a good prom next year. They built the homecoming float and hosted a barbeque stand. The most important fundraiser was

the Winter Semi-Formal which the Juniors put on. This dance established a new record, raising \$4,600. The two advisers, Mr. Estes and Mrs. Moretti, also helped tremendously with advice and use of their rooms. So as you can see, Clan Sutherland's hard work has paid off.

# Clan Oliphant Rides Wave

The class of 1989, guided by their advisors, Mr. Bryan Andersen, Mrs. Janet Shanks and Mrs. Leslie Hays, looked forward to a successful year, not to mention years of continued success. The sophomore officers for this year included President Heather Presenkowski, Vice-President Lisa Hansen, Secretary Lori Bennett and Treasurer Elizabeth Jorgensen. Some of the fundraisers were a crystal jewelry sale and several flower sales. The major goal that the sophomore class attempted was to double their money by the end of the year.

Advisors Mrs. Janet Shanks, Mr. Bryan Andersen and Mrs. Leslie Hays.

# Frosh Take Plunge

This year's Freshmen Class was led by a talented group of leaders. The leaders included: Damin Peters, President; Karilyn Worthington, Vice-President; Matti Sand, Secretary; and Tricia Farris, Treasurer. The group was advised by Mr. Gerald Kirk. Class fundraisers this year included a wrapping paper and greeting card sale. In addition, they chose their class clan name and Tartan plaid. Good luck to the class of 1990.

If our paths should ever lead us astray, and our love gets lost in the shuffle, remember that I will always love you, and remember the special times that we have shared. Robby's 1st party, fights with B.A. (but no hard feelings), Rambo on June 20, 1985, "The Search is Over", my first party, spending summers at Brian Price's house, thanx bud, Disneyland with Tony, going out with Bill & — Jennifer, Meka, Dena, Me ante, Sheri, and now Rose. That's Roby's Xmas dance 85 was RAD! Now comes Xmas dance 86, ASB ball 86, Helix & Crawford's proms 86, and then college. Thanks to all of the following people who watched and helped our love grow: Brian, Bill, Tony, Marc, John, Rose, Sheri, Cassie, Melanie, my family, and the Goodmansons. Next stop — Brett, the sports doctor, and Amy, "the accountant." I love you Amos. Here's to our future.

As I look back, these four years at Helix have been fulfilling. It was knowledge I've gained educationally and socially that has been enlightening. But the highlight of it all was the different personalities I met. I will always remember those special friends that touched my life. I admired each one of you for the individuality you possessed. The variety of interests and lifestyles you led-I became a part of-and the important role you played in my life. I can't express my gratitude for the love, support and loyalty and the good times we shared. I will cherish them for a lifetime. # Here's to Salad Days...

Living up to our Irish heritage. Rosar to Beach. Pineapples and pitchers. Weekend escapes. Saturdays (and Sundays) always a full moon. Border crossings gripping the ends and slamming at various locales. Gelato Vero & Niccolosi's. If you were there, you knew all about it anyway. Here's a fork to indulge.

Great times at the Family Fitness Center—"Jeans", youth group, movies, concerts, parties. Pretty in Pink. Duckie, Ferris Bueller, Poltergeist, Billy Idol, Disney '85. Simple Minds dude, driving, falling fries. Xmas DB, no gas, no key. "Who's your fave fruit?" "Good job Hooterville. JL b-day. The Ken, nee nee, Monty Python, Spam Toss, Clockwork Orange, SOC, #6, "Bananas!", pop's concert, No Peter The Marauders, BP, MO, CH, DG, The Wife of Bath, The Nutcracker, "Save the Texas Prairie Chickens!" We'll always remember, JL, LM, DW, KW, JM, NP. It's over, go home. We love ya B.J.

In the short time we have known each other we have done so much. Through the rough times — B's and tests, "Hot dates", "No dates", Christmas Dance, 3 Guys - M, D, G. and Grouchy. And the fun times: Guys, Nights over, Dinner, Clothes, Skiing, "Bonzai", & OUT TO LUNCH, and just being crazy - OK, OK, OK, OK!! Being mellow sitting on the grass, long talks.

We will always have the memory of — "Friends are friends forever if the Lord's the Lord of them"

## It's Time To Go

After four long years  
The time has come to say  
That we didn't think we could  
But we made it all the way.

Helix was a blast.  
We must admit that we had fun.  
We've made it through the rough parts,  
But we've only just begun.

We've shared some "SPECIAL" memories  
With our close friends that we both know.  
So if you're not a SENIOR hang in there  
Cause for us it's time to go!

Special thanks to Sam, Gary, Tom,  
Leon and NuNu  
Rosa, Steph, Maria, Jackie, James,  
Charise, and Lisa too.

The list goes on and on  
And if we didn't say your name  
Don't think that you're forgotten  
Cause we love you just the same.

Melissa R. & Aurora P.  
will always be together  
Because no matter what life brings  
We'll be best friends forever.

So for those left behind  
It's really just too bad  
Cause the class of '87  
Is the best they've ever had!!

WARNING!! The Surgeon General has declared this utterance of a not fully sane person to cause cancer on laboratory rats, which were forced to read this article several thousand times!! These have been the greatest years (cough cough) in my life and I hope I have a heck of a lot more. Now that the prosperity bull is over with I have a chance to get down to some more senseless jargon. As for the intellectual value of my syat, I think a couple of synopses have made some molecular bonds that will withstand the test of time. Oh my god — I think Brian watched Christine too many times. I would like to commend Mark on being the slowest person to understand a movie (he saw Alien so many times he wets his bed at the slightest noise). Hey Robert, is that your car on top of the PE building? You better keep a close eye on your locker. David, let's celebrate; they didn't put a cap on State employees salaries! By the way, what does superform do? It's an orange! No, it's a peach! No, it's super pumpkin! To John, the true master of the convo. What's up! "on the telephone! What's he talking about on the telephone?" Did I get the required amount of minutes of school last year? Oh, wow, I think the clock is running slow. I don't feel tardy. I'll give this school a rating of 3B(ah?). What do you mean my shirt is on backwards? Oh, jeeze, that hozer floated an air biscuit. More On Nose Infections Causing Amnesia! Hey Brian? Philosophy corner. Greg say, "one who goes to sleep with irritated gutel will wake up with a smelly upper phalange." If the following was incoherent, offensive, or nauseating... wait a minute! Rock till you drop... or is that drop when you rock? Oh, well... what people will do to take up space. Greg alias the Sun God) Scrib — Happy Trails (eh?).

Wouldn't cha know, right when I'm starting to get mentally adjusted to waking up at 6 am, they have to go and graduate me. It's gonna take some work to sleep in til 12. I know it's just some punishment for something I did in a former life. Maybe I sadistically blasted a squirrel or some other creature. Whatever it was, it WASN'T MY FAULT!! The suggestion that the suppliers of cerebral stimulants are gravitating towards the abodes of higher learning has not the least negative resistance within my cranium. Often times has my frontal lobe been reduced to a bubbling puddle, seeping through my nasal passages only to be readmitted intravenously at a later nonreality session. I'm not any the worse because of these actions. And to my knowledge, have not suffered any of the debilitating effects of Dain Bramage. I got past the third grade after only 2 yrs; I'm pretty near genius. The way I see it, Helix

was a figment of a deranged imagination. Some of my most endeared orations, Hey stupid. Hello, baaayby! If you put a bullet in a fire, it'll explode. Mental retardation due to oxygen deprivation. I don't have to take this kind of abuse from you. I've got people waiting in line to abuse me. It's becoming increasingly apparent to me tht you even know less than nothing. When I want your opinion, I'll beat it out of you. Like godless jesters at a feast, they gnashed at me with their teeth. We're on a mission of God. Too much is not enough. Say Brian, what's this friendship thing about? Well, Greg, if I have \$\$\$, you have \$. If I find a beautiful girl at the game, you have food. John you don't know what you're talking about but it sure sounds convincing. Mark, what is it with you and aliens anyway? Linda, has Greg fixed that muffler, yet? Who needs Mexico when you've got Dr. Dean? Nobody told me there'd be days like these. Later, Helix... It's been an education. BVG G'day, eh? Well here we are at the end of our 4th wonderful year in High School and I would like to take the time to recognize all of the great times I've had: "You can't take it with you" and all of the other shows in Drama class; all the movies I saw with Brian, Len, and the rest of the L.O.A. — Aliens (the sneak preview and the special screening), The Fly, TCM2, F13 p. 1-6, RHP5, FBDO, and Deadly Friend along with both the Star Trek cons and the trip to the astral plane. Then there's all the memorable moments with Rich, Steve, Jimmy, Mike and the rest of the group in D&D "Make a save" "love ya Fallin, I love ya" "Harath and Gallows" "Sagwafers" "No Baker, the Kobold can't fix your staff" "What did you say, Paladin" I would now like to acknowledge all of my friends in the way that made them special and unique: to Brian for finally taking that big step (a man who finally proved that he was more action than mouth, what a feat!). To Greg, our resident ladies' man (or man's lady), who dominated every conversation I ever heard him in, all three of them. To Mike for all the good times we've ever had. To Richard, for Blood Bath, Wrap, Death Shroud, and Ply-half, and for being the best DM I ever knew. To Baker and Pinky Lady, for the Jester he never and always played. To Jimmy, for all his characters. To Steve, and his naturally curly 18 00 strength. To Franz and his lack of J-tacos. To Jennifer, for the spirit of the 4-yr Drama student and finally to Len, whom everything and nothing can be said about. For all of my friends I wish peace, happiness, and prosperity, and that they may perform throughout life to the best of their ability (real heart-touching, eh?). Mark Stalnaker "Just remember, no matter where you go, there you are." BB

People always ask if we're going to get married. After spending 4 years together, and still doing as well as your are, I'd like to think that marriage is a breeze. Yours is a face that I always find new parts that I've never seen before. You are definitely a person I could never tire of, whether it be 5 years or a lifetime. But it's not how much time, but rather the quality of it that I spend with you. It's the times I look at you, the light in your eyes, the shape of your face, that I realize I love you. The feeling of 10 different emotions all happening at the same time, all making me feel what it is that only we share. Always. The memories of things, places, and people will all fade with the passage of time, but never let us forget what we have. That's what this is really about. A monument to each other, a lasting reminder to what we mean to each other. Remember me, I'll not be forgotten.

I could never forget you, David. You'll always be a part of me. Always there to make me feel warm and happy. Thank you for making the past 4 years of my life the happiest. Tenderness, patience, understanding, honesty, trust, and communication. These are the things it takes to make a great relationship. And that is what we have. Your sense of humor, your faith in me, the kindness you show me, I'll make it easy for me to love you. I'll never forget all the wonderful times we've had, alone and without friends. With you I can always be my true self. It's amazing that after so many years together, without breaking up, even once, that whenever I see you, I still get a rush of excitement and happiness. My favorite place in the world is in your arms, looking into your beautiful eyes. Smiling back at your gorgeous smile. It is all these moments that I know you'll be there when I need you. Come what may, no matter if we decide to be just friends, if I really need you, you'll be there for me. And I'll always be there for you. You're the best friend I've ever had. I love you with all my heart and soul.

# September 9, 1986 — June 17, 1987

**HELIX HIGH SCHOOL**  
**TOGETHER WE ARE**  
**BETTER**  
**THAN EVER**

**HOW DID WE MAKE THIS YEAR SPECIAL?**  
 The Spirit! Many thanks to the cheerleaders and the rowdy fans, including the water polo team, who demonstrated their support at athletic events.  
 Mardi Gras Homecoming 10-11-86: This super night was a huge success, much to the delight of the crowd in their Halloween costumes. Thanks to ASB for all their hard work that went into organizing this event.  
 A Mid Winter Fantasy 12-3-86: Doug Kriedeman and Courtney Mills received the honor of being named King and Queen of the 1986 Winter Semi-Formal sponsored this year by the Class of '88.  
 Air Band Contest 12-8: The first of its kind at Helix, the Air Band Contest was a huge success, drawing a standing room crowd to the cafeteria. Kristen Galey, Lisa Delgado and Dena Serrano took first place with their rendition of "Leader of the Pack."  
 Luncheon Activities: ASB sponsored many activities aimed at getting everyone involved. The "we throw" with teachers as the targets was a favorite. The theme of "Together We Are Better Than Ever" was brought out in these activities.

TOGETHER WE MADE THIS YEAR SPECIAL!
